From

M. S. RAMCHENDRA RAO, Esq., B. A.,
Secretary, Stores Purchase Committee.

22. NOV. 1924

To

K. MATTHAN, Esquire, B.A.,
Chief Secretary to Government

Sir:

With reference to rule 31 of the rules of procedure and functions of the Stores Purchase Committee issued with G.O. No.13082-13140/G.M.170-23-2 dated the 28th March 1924, I am directed to forward herewith for the information of Government a copy of letter received from the Chief Electrical Engineer in Mysore stating that the restriction imposed by the aforesaid rule, viz., that all correspondence of the Heads of Departments with the Consulting Engineers in regard to purchases made for their Departments in foreign countries should be carried on only through the Stores Purchase Committee", requires revision, as in his opinion all questions pertaining to technical details which arose after orders had been placed should be settled by the Heads of the Departments concerned by direct correspondence with the Consulting Engineers to avoid delay and the possibility of incorrect informa-

reaching the manufacturers. The question came up for consi-eration before the Committee at their meeting held on the 24th eptember 1924. As will be seen from their resolution on the ubject, a copy of which is enclosed, the Committee have no objection to Heads of Departments corresponding with the Consulting Engineers on matters of technical character connected with the

P.T.O.

orders placed through them provided all copies of such correspondence are simultaneously forwarded to the Committee for information.

I am to solicit the orders of the Government on the above resolution of the Committee.

I have the honour to be,

Sir,

Your most obedient servant,

Secretary,
Stores Purchase Committee.

Copy of letter No.2001 dated the 18th September 1924 from the Chief Electrical Engineer in Mysore, to the Secretary to the Stores Purchase Committee, Bangalore..

****

Rules regarding correspondence with the Consulting Engineers by the Heads of Departments.

I have the honour to refer you to para 31 of G.O. No.G. 13082-13140--G.M.170-23-2 dated the 28th March 1924 and would request you to secure from the Committee an interpretation of the meaning of this para. I would be glad if you would kindly put this as an item on the Agenda for the meeting of the Stores Purchase Committee to be held on the 24th instant.

> "Para 31. After the estimates or projects have been prepared and sanctioned, all further action in respect of the purchase of Stores,&c. shall be taken through the Stores Purchase Committee and all correspondence relating to such purchases shall invariably be conducted only though the Committee"

2. In the purchase of machinery and plant, very frequently arises questions pertaining to the technical details thereof which have to be settled after the order has actually been placed and I am of the opinion that such technical details should be settled by direct correspondence between the Head of the Department concerned and Messrs Kendal Palmer and Tritton so as to avoid delay in disposing of the question and also to avoid the possibility of incorrect information reaching the manufacturer. This latter point is most likely to occur when technical details are translated by one or two intermediaries.

Extract from the Proceedings of the Stores Purchase Committee dated the 26th September 1924.

****

7. Interpretation of rule 31 of the Stores Purchase Rules relating to correspondence by heads of departments with the Consulting Engineers:-

---

The Chief Electrical Engineer brought to notice that the rule precluding the heads of departments from --- corresponding with the Consulting Engineers after an order is placed through the Stores Purchase Committee works as a hardship especially in cases where it is necessary to convey to the Consulting Engineers instructions on technical points relating to orders placed. He pointed out that the interposition of one or more intermediaries in conveying such instructions on technical points might give room for mistakes which could be avoided if he were permitted to carry on such --- correspondence direct.

After some discussion it was resolved that there was no objection to heads of departments corresponding with the Consulting Engineers in respect of technical matters connected with the orders placed through them and that copies of such correspondence may however be required to be sent by them to the Committee for information.
